

THE BIRCH WATHEN LENOX SCHOOL

210 EAST 77TH STREET
NEW YORK, NEW YORK 10075
Phone: (212) 861-0404
FAX: (212) 879-3388

Dear Middle School Students:

We are pleased to welcome you to the 2020-2021 school year and present you with the Middle School Handbook and Planner! Within is information about not only the day-to-day running of the BWL Middle School but also our expectations and guidelines for student conduct in and out of the classroom. You'll see that the student planner includes many great features for your weekly organization and also several informational inserts to assist you in your overall skill development and goal setting across the curriculum. This is a resource that should travel with you to each class and of course home nightly so that you can stay on top of your schoolwork and upcoming assignments. Check it against your PowerSchool (PSL) accounts to make sure you are on top of your academic responsibilities. Keep in mind that much of what you read here may be changed this school term due to our periods of online learning and social distancing while in our school building. We are including an addendum to the handbook that will address the changes during this time.

Please read the *Handbook* section carefully, as well as our handbook addendum we provided, Your first homework assignment of the year is to read over the *Handbook* and have a parent sign that you have done so. This year we will ask you to take a photo of your signed page and email it to your Advisor. We require that you know and adhere to our expectations and standards when school begins. To this end, we ask that you read over the *Student Handbook* section by the end of week one. As the *Handbook* is revised each summer, you need to peruse it even if you are a returning Middle School student.

If you have any questions about the topics laid out within these pages, don't hesitate to ask your Advisor, Ms. Kennedy, or Mr. Salgado for clarification. You will notice that our "Honor Code" and "Code of Conduct" derive from the school's motto—Integrity, Loyalty, Civility—and we look forward to seeing these values embodied on a daily basis within the walls of our school. Indeed, our sincere hope and expectation is that you choose to live by these values even more so outside of school and online.

We are excited to begin the fall with you, and we wish you all the best and great success in what we expect to be a terrific, challenging, and stimulating academic year. Please sign below, along with your parent or guardian by Friday, September 11th, confirming that you have carefully read the contents of our Handbook.

Lori Kennedy
Director, Middle School

Guillermo Salgado
Assistant Director, Middle School

I, (full name printed) _____, have carefully read over *The 2020-2021 Middle School Student Handbook* and understand what is expected of me as a Middle School Student.

		<i>p. 19</i>

I pledge on my honor to uphold the values of The Birch Wathen Lenox School and always act with integrity, loyalty, and civility. I will be honest in my academic work and in my relationships with peers and teachers. I will remain loyal to those things I know, and am taught, are right and just. I will be kind, respectful, and charitable to all members of my school community, striving to be a role model for others.

Code of Conduct

The Birch Wathen Lenox community consists of students, faculty, staff, and families. The School's motto—**Integrity, Loyalty, Civility**—serves as the foundation upon which we build this community and should be evident in all that we do. To that end, it is expected that, as a student at BWL, the way in which you conduct yourself should reflect these values. While the "Code of Conduct" provides guidelines of our expectations, the "Honor Code" posits that you strive on your honor to uphold these values. You do so every time you act with integrity, loyalty, and civility.

INTEGRITY: Holding yourself accountable to a set of moral principles, most importantly, honesty.

- A student's word is expected to be truthful.
- A student's work is expected to be his/her own unless a particular assignment has been designated a cooperative project. Academic honesty is a hallmark of Integrity, as is the understanding that plagiarism or cheating is the hallmark of academic *dishonesty*.
- A student's actions are expected to be guided by the principle of "doing the right thing," *even when it may be considered unpopular to do so*.

LOYALTY: An unwavering commitment or devotion to someone or something.

- Students are expected to be loyal to BWL's values and rules, to their education, and to their classmates and community.
- Students should take pride in their school, treating the property with care and keeping halls, classrooms, bathrooms, and lockers neat. Students should not deface school property.
- Students should not chew gum in the building and may not bring food or drink into the building or classrooms unless given permission by administration.
- Students should not use cell phones during the school day, keeping them off and stored in their lockers before school begins, and retrieving them at the end of the school day.
- Students should adhere to the uniform at all times.
- Students should be on time and prepared for each class.
- Students should show respect for the belongings of others. They should not take, play with, or remove another student's possessions from his/her locker, bag, or desk.

CIVILITY: Behaving and communicating with the community in a polite, respectful manner.

- All members of the community are expected to treat each other with tolerance, courtesy, respect, and sensitivity, including online.
- Students shall respect the boundaries of others, and not engage in any kind of physical altercation or carry anything the administration defines as harmful.
- Students should refrain from name-calling, using vulgar language, and/or using personal insults.
- Students shall not be insubordinate or disrespectful to any adults.
- Students should recognize and embrace the differences and diversity that exist within our community, *even when it may be unpopular to do so*.
- Students should pass quietly and respectfully through the halls between classes. They should be quiet in the stairwell and in the lobby.

II. THE SCHOOL DAY

Middle School classes begin at 8:15am and conclude at 3:10pm, with Advisory occurring at 9:45am. There are nine forty-minute periods a day. On Fridays, classes conclude at 2:25pm.

ATTENDANCE

We have a “scanner” attendance system that utilizes scanner technology to track student, faculty, and guest entrance and exit from the building. **All students must immediately scan their Student IDs at the security desk when they get to school and before heading upstairs.** Therefore, students need to keep their Student IDs (which will be distributed to them the first week of school), on their person and ready to scan every day they arrive at school.

Classes begin promptly at 8:15am, and students are expected to be at their desks, ready to work at this time. **Therefore, it is necessary that students arrive at 8:00am to give themselves time to check in, unpack their backpacks, hang them in their homerooms, and visit their lockers in preparation for their morning classes.** Students should not arrive before 7:45am unless they have a scheduled appointment with a teacher or administrator. Students should also not visit Lower School classrooms before the start of school or during the school day.

Students arriving *after* 8:15am must first scan in at the security desk and then go immediately to the MS Coordinator’s office on the sixth floor for a late pass. They will not be admitted to class without this pass from the Middle School Coordinator. In addition, late students cannot drop off their backpacks in homeroom during a class period, as this will interfere with other classes already underway. They should wait until the period is over to drop off their backpacks.

Middle School students are, of course, expected to be on time and prepared for class.

ABSENCES

Absences must be reported by a parent, calling the Middle School Coordinator at extension 117 or via email to the Middle School Coordinator *before 9:00am*.

When students are absent, they should try to keep up with homework whenever possible. Assignments can be obtained online at PowerSchool Learning (our online learning management system) or by calling a friend. Absent students may also email their teachers from their gbwl accounts if they need clarification about an assignment, though they must be prepared for a delayed response when emails are received after regular school hours. Sending an email does not excuse a student from a homework assignment!

If a student is too ill to finish work, teachers will determine new deadlines for making up the assignments.

If a student has an extended illness, the Middle School Directors and Advisor should be contacted for alternative ways of keeping up with instruction. Long absences require a different approach for keeping a student’s anxiety level about missing schoolwork from compounding his or her health issues. The Middle School Directors, the student’s advisor, and the teachers will work together to devise an acceptable schedule for submitting the missed work.

Unless approved by the Middle School Directors, **students may not participate in after-school activities, including sports and theatrical productions, if absent from school during the day.**

If a student needs to be excused from Physical Education, a note from a doctor must be presented to the Physical Education department. If a student is going to be excused from Physical Education for a prolonged period of time, a note from a doctor must be presented to the Middle School Directors.

LATENESS

Lateness to class is disruptive to everyone. Entering a class late interrupts the teacher and the students who have already started to work, and it results in the late student being out of sync with the rest of the class, missing instruction and assignments. **As a consequence, lateness will have a negative impact on a student’s grade as a matter of policy:** Any student who is late, unexcused, more than 3 times to a major class (one that meets 4-5 times a week) will have a point deducted from his or her trimester average *for every late accumulated thereafter*. In other words, four lates to a class for any student would be 1 point off the trimester average; seven lates would be 4 points off the

trimester average. For a minor course (one that meets 1-2 times a week), more than two unexcused lates would mean a point off for each late thereafter.

LEAVING EARLY

As it interrupts the flow of learning, leaving early is discouraged. However, it sometimes cannot be avoided. **If a student must leave school early, an “Attendance Note” must be submitted and signed by a parent, stating the specific reason and the exact time the student is to leave.** The Middle School “Attendance Note” form can be found on the BWL website in the “Community” tab under the *Forms & Permission Slips* link. We will also email home a PDF of this form at the beginning of the school year. This should be downloaded, signed by a parent, and submitted to Ms. King by the student before first period classes. The Middle School Coordinators will then sign the note, and the student will give the note to the Director of Security at the front desk as well as checking out upon leaving. Parents are asked not to schedule appointments that will conflict with the school day, except in clear cases of emergency.

In addition, **a student leaving early must pick up his or her backpack from homeroom between class periods and before attending the class from which he or she will depart.** It is the student’s responsibility to turn in the assignments for the classes he/she will be missing before he/she leaves and to learn what the assignments are for the next day.

ADVISORY

At the beginning of the year, each student will be assigned to an advisory group. This group will usually consist of 10-15 students and a faculty advisor. The faculty advisors play a key role in the life of a Middle School student. Their role is to advocate for their advisees and to oversee their academic and social well-being. They serve as a liaison between home and school, even between student and teacher, and will be someone to whom the student can turn if they have a concern to discuss. Although direct communication with subject teachers is recommended, the advisor is available to help streamline communication when an academic or social question arises. Parents and advisors should feel free to call or email each other whenever there is need.

Advisory groups will have regular meetings from 9:45am-9:55am every day in a designated classroom. Advisors take attendance, read announcements, distribute snack, and check in with their students. During this time, students should conduct themselves as they would in any other class: arrive on time, come to order, remain quiet, and pay attention to announcements. If students need to visit their lockers, meet with a teacher, go to the computer lab, or use the restroom during this time, they are expected to check in with their advisors and receive permission before doing so.

Advisory groups will also meet periodically during the Middle School Assembly period to discuss current social and academic issues or have one-on-one meetings to assess student progress.

HOUSES

Each advisory group in the Middle School is part of a House System that works to celebrate our school values and to encourage school spirit and service. Houses are named for our school colors and values (Green-Integrity, White-Loyalty, Gold-Civility, and Blue-Honor) and are comprised of one homeroom from each grade level, 6th through 8th. Each House works as a team to earn House points through participation in school events, service opportunities, extracurricular activities, sports, and then displays of academic progress, good attendance, and adherence to the Code of Conduct and Honor Code. Individuals also have opportunities, each day, to earn points for their Houses by demonstrating exemplary behaviors that show kindness, good manners, active participation, a positive attitude, service, motivation, and responsibility. House Representatives from various homerooms are responsible for planning activities and motivating the group and are part of the “House Committee” that meets on Tuesdays. This all culminates with the awarding of the House Cup, at year’s end, to the House with the greatest number of House Points.

LUNCH

Generally, lunch is served to 6th and 7th grade students in the Commons at 12:15pm every day. 8th grade students eat lunch in the Commons at 1:00pm every day. Students are to conduct themselves responsibly at all times and cooperate with the proctors. Excessive noise and inappropriate behavior are out of place in Commons. Students sit at assigned tables, which will

rotate every few weeks. **Rooftop recess** may happen, weather-permitting, on a rotating basis most school days during the second half of lunch periods.

BWL is a nut and nut-oil aware environment. We are sensitive to the special dietary needs of students for medical or religious reasons. Any special restrictions should be communicated to the Middle School Directors, who will make the appropriate arrangements with the Commons' staff. Students or visitors from outside the school are not permitted to bring food from outside the school, including candy, drinks, and gum. **Students with special diets based on medical needs must submit a letter from the doctor outlining the student's dietary needs. Lunches must be brought from home. MS students may not order food or have it delivered to school. In these instances, we expect lunches from home to be healthy and in keeping with our school's nutritional standards.**

III. SCHOOL PROTOCOL

CONTACT INFORMATION

It is essential that the school have the correct addresses, phone numbers, and email addresses for all families. The Saf-T-Net system will contact the entire parent body in case of school emergencies or closings. Any changes in your contact information must be emailed to June Giammarino (jgiammarino@gbwl.org), Richard Pan (rpan@gbwl.org), the Middle School Director Lori Kennedy (lkennedy@gbwl.org), and Assistant Director Guillermo Salgado (gsalgado@gbwl.org). Please make sure that you mention your son's or daughter's name and grade in the email.

MIDDLE SCHOOL UNIFORM

*Please place student names, with a permanent marker or an affixed label, on the inside tags or interiors of **all** clothing so that we can quickly return lost items! **We cannot help with this if clothing is not identifiable.***

The uniform is appropriate for all genders.

Skirt or Pants: Khaki skirt or khaki pants (light-tan khaki) with no patterns or cargo pockets. **Skirts must be mid-thigh or lower.** Leggings may be worn under the skirts on cooler days.

Shirt: Short or long-sleeved polo in navy blue or white **with the school's logo.** Must be purchased from our

uniform company. A traditional, solid-colored v-neck or cardigan sweater, without inappropriate patterns, words or symbols, may be worn on cooler days (**no hoodies, sweatshirts, blouses, or zippered casual wear**).

- **Shoes:** For safety reasons, students may not wear backless shoes, heels above one inch, or flip-flops. All other shoes are acceptable. Sneakers may be worn every day.

Ties, button-down shirts, and blazers are no longer required.

PE Uniforms for boys and girls include the BWL PE shirt and shorts, which can be purchased from the school, as well as sneakers. These must be worn to each PE class and labeled with the student's name to help keep track of them during changing times. Students must also purchase a drawstring gym bag and bring this to each PE class with them, for storing their uniforms.

Students who come to school out of uniform will be sent to the Middle School Coordinator's office where extra uniforms will be kept for students to change. Violations result in students losing dress down privileges on designated Fridays. Repeated violations of the uniform will result in a Reflection Period or Morning Detention.

Again, each item of school clothing must be labeled with the student's first and last name or initials.

DRESS DOWN DAYS

Fridays are customarily dress down days. Jeans or long athletic pants and t-shirts may be worn. Clothing must be appropriate for school, with no unacceptable slogans. Tank tops, camisoles, shirts that do not cover the midriff, and flip-flops are not permitted. Leggings may be worn with a shirt of appropriate length. Dress down days may occur as fundraisers on other days throughout the year, as well as during final exam week.

EXTREME WEATHER

The administration may alter the uniform at times to accommodate student comfort. This may include a dress down day for extremely inclement weather or shorts for very hot weather. The administration will alert students in these instances.

LOCKERS

BWL provides a locker to each Middle School student. However, all lockers are the property of the school and are subject to inspection on request by authorized school officials. **Each student is required to purchase a lock from Bi-Wize for his/her locker.** Advisors will keep a master list of combinations and locker numbers in case of emergencies. **Upon purchase, students must label their locks with a sharpie.** Students are to keep their lockers clean and orderly, and there should be a thorough cleaning at the end of each trimester. Gym clothing must be taken home periodically for washing.

VALUABLES

Students are urged not to bring valuables to school. The school cannot be responsible for any missing property. **However, if any items of value are brought to school, they should *not* be kept in backpacks on the homeroom hooks. These must be kept locked in lockers or, on special occasion by request, in the office of the Middle School Directors.**

BACKPACKS & LOCKER TIMES

Backpacks may not be transported from class to class or left in the halls. Each advisory group has a designated “safehook” area where backpacks and winter coats should be hung before the school day begins. While this requires greater organization and preparation on the students’ part, this is to their benefit—organization and preparation are two of the most important life skills tackled in Middle School! Your advisors and teachers will help guide you through this process. Here is how the backpack and locker system works:

-You should arrive 15 minutes before classes begin (8:00am) to visit your locker, empty your backpack of any items (like homework) needed for classes, **lock your locker**, hang your backpack and coat on your homeroom hooks, and prepare materials for your morning classes.

-You will only have access to your backpacks and overcoats before school, during Advisory Period, and after dismissal (unless you are leaving early). On Fridays, when Middle School dismisses at 2:25pm, you must go directly to your homerooms and quietly retrieve your backpacks and overcoats **first**, as Upper School classes will still be meeting at 2:30pm.

-As the previous sections on “Attendance,” “Lateness,” and “Leaving Early” indicate, you will have limited access to your backpacks after first period classes begin. **No valuables, including phones or wallets or computers,** may be kept in your backpacks during the school day. These should be locked in your lockers.

-Designated locker times during the day are 1.) before school, 2.) before Advisory Period, 3.) before and after lunch, and 4.) after school. These will be times to organize your lockers and prepare what you need for upcoming classes, so plan accordingly. You may visit your lockers between periods, but then you will be more pressed for time!

-If you arrive late to school, you must hold on to your backpack and overcoat until the next break between periods. If you leave early, you must gather what you’ll need from your locker and retrieve your backpack from your homeroom **before** the last period of the day for you begins.

LOST AND FOUND

Coats, books, and miscellaneous items that have been left around school are put into the Lost and Found lockers outside the Middle School Coordinator’s office on the 6th floor. Other items may be taken directly to the boiler room by the maintenance staff. Valuable items, such as jewelry, handbags, laptops, and cell phones, are given to the Middle School Directors and can be retrieved from them. Several times each year, the Associate Headmaster puts Lost and Found items in the Auditorium to be claimed. Parents are notified as to the dates and times. If parents need to bring items to school that students have left at home, they are to be placed in a shopping bag, with the name of the student on the outside, and left with the Director of Security at the front desk. The bags will be brought to the Middle School Coordinators’ office and the student will then be able to pick up the left items from them.

Please note that students are not to bring bicycles, skateboards, or scooters into the school building.

BACK STAIRS

Middle School students are not to use the back stairs except for emergencies or emergency drills and going down to the Commons with a lunch proctor.

ELEVATOR

Generally, the use of the elevator is reserved for adults, Upper School students, and Kindergarten students. Middle School students, however, may use the elevator:

- when a teacher or administrator has given special permission with a note indicating such.
- when accompanying a teacher or administrator.
- when given a pass by the Nurse following a written medical excuse.

FIRE/LOCKDOWN/SHELTER IN DRILLS

Drills are held, as required by law, under the supervision of the school administration. Students should follow the emergency and exit plans for their particular room or situation, follow the instructions of the teacher, move quickly, and maintain quiet. All drill protocols will be reviewed and practiced at the beginning of the school year and then multiple drills will ensue. We take these drills very seriously. Unless these procedures are followed explicitly during a drill, lives and safety may be jeopardized in a real emergency.

CELL PHONES

All Middle School students are required to keep their phones turned off in their lockers from 8:15am until 3:10pm. Students who are found with their phones in their possession during school hours will have their phones confiscated for the day and may have to serve a Reflection Period after a warning. Confiscated phones may be retrieved at the end of the day in the Middle School Office.

For this reason, parents should not call or text their children's cell phones during the school day. If parents need to leave a message for their children, they can call the Middle School Coordinators at extension 117. They will give the message to the student. Parents calling to leave messages for their children should restrict this practice to situations of absolute necessity. Messages received after 2:00pm will not necessarily reach the student before the school day ends.

Only urgent or emergency messages will be delivered directly or immediately to a student or a teacher. Parents are asked for cooperation and understanding of these limitations.

Furthermore, unless given specific permission by a teacher or administrator, **Middle School students may not take pictures or videos with any device in the school building or on a school-sanctioned field trip or event at any time**, regardless of whether or not it is during the school day or before or after school. **If it's discovered that students have texted or posted online any pictures taken in the school building or on a school-sanctioned field trip or event, without permission, that student will likely be suspended.**

RECOMMENDATIONS

When students require teacher or Director recommendations for whatever reason (camps, summer programs, school applications, etc.), it is good practice and even better etiquette for the student to approach the designated faculty member(s) in person and *politely request them*; and, upon completion, students should take the time to thank their teachers.

As for parents, any papers or forms requiring teacher or director recommendations must be submitted to Ms. Polikoff (laurie.polikoff@gbwl.org) with at least two weeks lead-time. Without this, we cannot guarantee the forms will be sent out by their deadline. Teacher forms will be transmitted to the proper teacher by Ms. Polikoff and should not be given directly to teachers by the students or parents. Recommendations will then be sent directly to the appropriate institution, not given to families. If recommendation forms are to be submitted online, Ms. Polikoff should still be contacted before sending online links to subject teachers. All recommendations are confidential. Recommendation forms to be mailed must be accompanied by addressed, stamped envelopes.

SCHOOL SUPPLIES:

Supplies are purchased at the school store on the 1st floor. Each department has provided a list of necessary items and study aids to Bi-Wize. Students will receive course expectations from each teacher on the first day of school, which will explain specific supplies that are required for class each day. Students receive their supplies for all classes the first week of school. Subject teachers and Skills teachers have these lists for each designated class and will aid students in organizing their supplies the first week of school.

SCHOOL STORE

The Bi-Wize, operated by the Parents' Association, is located in the lobby and stocks school supplies. While Bi-Wize will have extended hours in the first few weeks of school, it is generally open only on Wednesday afternoons.

SCHOOL NURSE

Our school nurses are responsible for providing medical attention in the office on the 3rd floor, and, as needed, in other parts of the building. When a student is feeling ill or needs to see the nurse, the student should request a "nurse pass" from the classroom teacher or lunch proctor. If a student wishes to see the nurse in between classes, they should still get a pass from a teacher or administrator at the end of class or before class begins. (Of course, in cases of emergency, this is not required!)

Any pertinent information regarding a student's health, or a change in the condition thereof, should be communicated in writing to the School Nurse, along with any special instructions from a physician. This includes any medical excuses or medical requests for an elevator pass. **Any medication taken during the day must be dispensed by the Nurse.** Medical forms for the year should be mailed to June Giammarino (jgiammarino@gbwl.org) so that they will be on file with the Nurse as the school year begins in order for students to participate in any physical activity or out of school program.

TRANSPORTATION

Ms. King is responsible for the distribution of fare-reduction passes (full-fare or half-fare, depending on the distance between home and BWL and the age of the student) for the New York City Department of Education. Passes for both buses and subways are given to eligible students as determined by the Department of Education. Passes are distributed according to the address where the student resides and the age of the student.

WINTER WEATHER

BWL will close for snow or other adverse conditions on any day that the New York City public schools are closed. However, there may be days that BWL will close when the public schools remain open. Parents will be notified through the Saf-T-Net system. Information

will also be relayed to WCBS or WOR Radio and posted on our website.

SCHOOL CALENDAR

The official Birch Wathen Lenox School Calendar is mailed to all families before the start of the school year. Updates on activities of particular relevance to Middle School students will be issued periodically by the Middle School Directors, noted on the BWL website, or emailed home.

Parents are reminded not to schedule vacations or extended absences that would conflict with school days and commitments, especially before and after holidays. Any such absences must be communicated to the Middle School Directors but will be considered unexcused, and teachers will not offer special assignments to make up for work missed. It is expected that students will complete the work, including any tests or quizzes, before they leave.

PARTY INVITATIONS

Absolutely no party invitations may be handed out, or in any way distributed, at school *unless* an entire grade or gender of a grade is being invited. Students and parents must also consider, with great empathy and care, the impact of inviting most of a grade or gender while excluding a select few. At this age, when peer relations become essential to any student's well-being, modeling inclusiveness and kindness are essential.

IV. ACADEMICS

FACULTY

Parents wishing to communicate with any member of the faculty should feel free to send an email or call and leave a voicemail message during school hours. As few teachers have their own direct phone lines in the building, email correspondence is the preferred and most efficient method of communication. Teachers will return calls and respond to emails almost always within twenty-four hours.

EXTRA HELP & STUDY HALL

Middle School teachers are available for **extra help** to students on a scheduled basis before school from 7:30-8:00am or after school from 3:20pm to 4:00pm

Mondays, Tuesdays, and/or Thursdays. This schedule is published early in the year and made available at Curriculum Night. In addition, a proctored **study hall** is available to all MS students on Mondays, Tuesdays, and Thursdays from 3:15-4:15. Attendance at extra help and study hall sessions is voluntary but may be requested by the student, parent, teacher, or the Middle School Directors. If so requested, extra help or study hall takes precedence over all other school activities.

POWERSCHOOL LEARNING

Our online learning management system, PowerSchool Learning (PSL), integrates with students' Google accounts. Each teacher and each student has a PSL account; teachers will post their assignments, project guidelines, study guides, and deadlines online through their PSL accounts, which can then be accessed from the student's PSL account. PSL can be accessed through the BWL website as well as students' Google accounts. Teachers may also publish grades over the course of the trimester, but posting final averages is at the discretion of the teacher.

Each Monday, teachers post the assignments for the week on PSL and often update PSL throughout the week. These are to be used for parental supervision or for students who are ill. They do not replace the assignments given in class, which come with explanations and examples. **Please keep in mind that these assignments are subject to change, and students should rely first on the homework and guidelines as announced in class and subsequently written down in this planner!**

Each teacher will outline his/her policy for late homework in the course expectations given to students at the beginning of the academic year and to parents at Curriculum Night.

HOMEWORK

The purpose of homework is to explore, reinforce, and expand upon course material covered in the classroom. It is an important part of the BWL academic program. Middle School students should have approximately one to two-and-a-half hours of homework per night, with the expectation that their homework load will increase incrementally each year in preparation for the Upper School. **20-30 minutes** per subject per night is an approximate figure, then, with 6th graders assigned smaller amounts and 8th graders assigned closer to

half an hour per major subject. (As a point of reference, our Upper School students are expected to average 3-4 hours of homework a night, so it is appropriate that we have this incremental increase through the Middle School years in preparation for the increased workloads of high school.)

Students should not email their homework to their teachers unless this is requested by the teacher. They must give a hard copy of their assignment to their teachers unless the teacher specifically indicates otherwise. **Many teachers will ask students to “share” their homework through our school's Google Drive account, and we strongly recommend that students stay in the habit of completing and storing their work on Drive so that they can access it from school or anywhere else.** Teachers may also request work be submitted on PSL. If a homework assignment is required to be typed and to be turned in at school, it must be printed out at home and be ready for submission at the start of class. We recommend that all families have a working printer at home.

MIDDLE SCHOOL HEADING

Written assignments should all begin with the proper Middle School heading. On the left-hand side of the paper, at the top, students list:

Full name (first and last)

Class and Section (e.g. English 7B or Science 8S)

Date (on which the assignment is due)

Honor Code Upheld (see below)

A line is skipped, and then the title or body of the work is written.

ACADEMIC HONESTY

Our student-written Honor Code asserts that students will be honest in their academic work and in their relationships with peers and teachers. Integrity is one of BWL's core values, and an essential way we cultivate this in our students is through creating a culture that promotes academic honesty. To reinforce this ethical component to student life, students “pledge” their academic work by including “Honor Code Upheld” in the heading of work turned in (see above) as shorthand for acknowledging the values of the school in completing their academic work. Students also pledge tests, quizzes, and exams taken in their academic classes.

As stated in the Middle School Code of Conduct, “A student's work is expected to be his/her own unless a

particular assignment has been designated a cooperative project.” **Any work that requires citations and a bibliography will not be accepted without these.** Students will be taught proper citation in classes that require it.

It is important to understand, from the first day of school, what constitutes plagiarism. Plagiarism involves taking another person’s words, work, images, or ideas and using them as one’s own. Changing a few details or words in the work or paraphrasing without citation is still considered plagiarism. Failing to cite any sources for information is considered plagiarism. The consequences of plagiarizing are serious, as are the consequences for cheating. Any piece of work displaying academic dishonesty, whether it be cheating on a test, plagiarizing a paper, copying answers from a website or other source, or copying someone else’s homework, will be given a “zero” as a grade that is averaged into the student’s trimester average; it will likely lead to suspension or even expulsion for repeat offenses, not to mention harm one’s reputation as an academically honest student. Middle School teachers will be reviewing what constitutes plagiarism early on in the academic year.

TUTORIAL SUPPORT

Many students and their families seek out tutorial support when their children are having difficulty in a subject matter or with schoolwork in general. In some cases, we will recommend that a student receive tutorial support. In all cases, seeking the assistance of a tutor should be with the goal of the student’s independence and academic self-sufficiency in support of his or her intellectual growth. While we acknowledge a student’s right to receive proper support outside the classroom, we expect that any tutor utilized by a student must work within the expectations of the course, department, and school in a supportive capacity and never in a manner that undermines the pedagogy and goals of the subject teacher. BWL teachers will never be employed as tutors when they themselves have that student in a major academic class, as it creates an obvious conflict of interest.

The more communication there is with a tutor, the better able we are to offer consistent, productive support to the student. We recommend and expect that there will be open, transparent communication between the teachers, families, and tutors. We ask families who employ a tutor or tutoring company to contact that

student’s teacher(s) so that everybody can work in concert towards the intellectual development and growth of the student.

TESTS AND QUIZZES

All tests and quizzes are projected on the “Test Board” portion of the monitor outside the Middle School Office. In addition, the “Test Board” link is shared online with students at the beginning of the school year via email and can be accessed by students at any time through their Google accounts. The Middle School limits the number of tests and quizzes per week to avoid overloading the students.

- Students in grades six and seven will have *no more than three tests in one week*. 6th and 7th graders may not have two major tests on one day, but 7th graders may have a test and quiz on the same day. Two quizzes are the equivalent of one test.
- Eighth grade students may have two tests in one day and a maximum of four tests in one week. Again, two quizzes equal one test.

Teachers also post upcoming test and quiz dates and project deadlines on their respective PSL platforms to help students plan ahead.

GRADES

Grades are given in all courses three times a year. At the end of each trimester, students will receive a report card with grades along with narrative comments from each of their teachers. In addition, each report card has a list of categories in which the student’s performance is evaluated. These categories are conduct, organization, preparation/homework, and participation.

The Middle School uses the traditional letter system of grading. Teachers follow these guidelines when assigning grades for student work:

Letter Grade	Numerical Grade	Comment
A	93-100	
A-	90-92	Excellent
B+	87-89	
B	83-86	Good/Very Good
B-	80-82	
C+	77-79	Satisfactory, but
C	73-76	needs progress
C-	70-72	
D+	67-69	Passing, but
D	63-66	unsatisfactory
D-	60-62	
F	0-59	Failing

For the purpose of the official BWL transcript, students' grades are recorded for the Fall Term (September-November), the Winter Term (December-February), and the Spring Term (March-June). Results of the end of the year examinations are included in the final grade, not in the third trimester grade. The final exam counts as much as 10% of the final grade. Student attendance and tardiness also appear on all transcripts. Any request for a transcript must be made in writing to Ms. Polikoff. Two weeks lead-time is necessary to fill any request.

INTERIM REPORTS

Interim progress reports are issued in the middle of each term if teachers notice any areas of concern. All new students and all 6th graders will receive interim reports during the first trimester, so their transition into the school can be assessed. The first set of 6th grade interims will be written by the 6th grade teachers, and the second and third trimester interims will be written by the 6th grade advisors. All 7th and 8th grade interim reports will be written by their advisors.

HEADMASTER'S LIST/HONORS

Honors are awarded at the end of each term to those students who have distinguished records of academic achievement. The Headmaster's List is for Seventh and Eighth Grade students. It may apply to the Sixth Grade for the third trimester upon decision of the faculty.

Honors standing is achieved with a B+ average and no grade below B.

High Honors standing is achieved when a student has an A- average with no grade below B+.

All Honors listings are subject to qualification based on behavior and effort. The administration reviews the list before it is published to ascertain whether all students listed are working as they should and are contributing members of our community. Students who have been suspended or are on probation are not eligible for Honors during that term.

CLASS AWARDS

At year's end, two awards are given to students in each section of each class. The first is the Academic Excellence Award, given to the student who has maintained the highest average in the class and has consistently demonstrated commitment to furthering his or her knowledge in the subject area. The second is the Class Citizenship Award, given to the student who has demonstrated traits that have added to the overall positive environment of the classroom, including participation, passion for the subject, dedication to improvement, and civil and collaborative relationships with peers. Content area teachers determine the recipients of these awards.

PARENT CONFERENCES

Open, honest, and ongoing communication between the School and the home is crucial to the progress of every student. In addition to report cards, interim comments, telephone calls, and emails, there are two Parent-Teacher Conference Days. Parents have the opportunity to meet with three teachers for ten minutes each. Time may also be scheduled with the student's advisor or the Middle School Directors, if desired. Conferences are scheduled at conferences@gbwl.org according to a schedule sent home prior to Conference Day.

FIELD TRIPS

Using the unique and exceptional opportunities of the New York metropolitan area, teachers will schedule field trips throughout the year to museums, historic sites, special exhibits, and performances. Class trips are an integral part of the Middle School curriculum. As a result, all students are expected to attend. These trips

are most often paid for by the school, save the larger multiday overnight trips that require parental contribution.

Permission forms, with complete information for parents, will be sent home at least one week in advance of such trips. A student who does not have his/her permission form signed and submitted on time, as well as health forms up to date, will not be allowed to go on a class trip.

During class trips, it is expected students continue to follow the standards outlined in the Middle School Code of Conduct. Repeated disciplinary infractions may keep students from being able to participate in future field trips.

V. MISCONDUCT

The aim of our disciplinary system is to provide a safe, respectful, and civil environment where both learning and positive social interactions are the standard and the norm. As students enter adolescence, it is quite natural to question the wisdom and authority of adults, but that impulse nonetheless must be met with high expectations of comportment in keeping with the values of BWL laid out in our Honor Code. When a minor behavioral issue arises, the teacher addresses it appropriately in the classroom in accordance with her or his disciplinary plan and course expectations. When warnings are not heeded and students display that they lack strategies necessary to meet class expectations, further disciplinary action will be taken. Any behavior that violates the School's Code of Conduct may result in discipline, which is designed to encourage students to think about their actions and the outcomes to these actions, as well as help them substitute inappropriate behaviors with those that are consistent with BWL's Honor Code and motto.

Consequences may include, but are not limited to, a phone call home, a conversation with the student's advisor and the Middle School Directors, a Misconduct Form, a Morning Detention, a Lunch Detention, a Reflection Period, an Early Morning Callback, suspension, or possibly expulsion. Parents may be called in for a conference with the Directors and the student's advisor. Continued misconduct will result in more serious consequences.

MISCONDUCT FORM

When a student is asked to leave a class, the teacher may request that he/she must fill out a Misconduct Form. If this happens, the student goes to the Middle School Coordinator's office. Once the student has filled out the form, he/she will bring it to the Middle School Directors for further discussion and to be assigned the appropriate consequence. A copy of the Misconduct Form will be placed in the student's file, and a copy will be given to the student's advisor. **If a student receives three misconduct forms in any given trimester**, he or she will automatically serve a morning detention and parents will be contacted to discuss a behavioral plan and expectations for the student, moving forward. **Six misconduct forms in a trimester will be grounds for an in-school suspension, a parent conference, and behavioral probation.**

REFLECTION PERIOD

Students who are assigned a Reflection Period will serve it during their lunch period. Students will be allowed to get food from the Commons and bring their lunch to the Middle School Office, where they will spend the period reflecting on their actions. Students will also be asked to write a reflection piece during this time.

DETENTION

Faculty detentions may be assigned by faculty members for a variety of reasons, ranging from poor completion of homework to lateness to a poor attitude in class to uniform violations. These detentions are arranged with the faculty member and are not considered morning detentions, which are assigned for more serious infractions. They are most often served at lunch.

Morning detentions will be given for misconduct *exclusively*. Please note that while uniform violations, gum-chewing, etc., are seen as infractions and not misconduct, *any repeated, chronic violation of school rules will be construed as misconduct*. Any time a student receives a detention, his or her parents will be called or emailed and a notation will be made in his/her file. Because detentions will be assigned only when they are clearly warranted, they should be viewed as serious infractions of the school Code of Conduct. Therefore, detentions may not be missed because of sporting events, practices, jobs, or appointments. In order to create as little conflict with a student's schedule

as possible, *all* detentions will be held at 7:30am the day after detention is assigned. *Students must arrive to detention promptly. It is therefore advisable that they come to school early in order to be counted as present for detention.*

ACTION PLANS & REFLECTION WORK

When patterns of inappropriate or negative behavior recur, or when an especially egregious action occurs, a student will work with their parents and the administration on a behavioral **Action Plan** that lays out the steps the student will take to improve upon or rectify the behaviors in question. **Reflection work** is often assigned as part of a consequence with the intent that any student who misbehaves learns and grows from the mistakes or poor choices. This often includes not just self-reflection and empathy exercises but also research, papers, and presentations on issues related to the behaviors in question.

SUSPENSION and EARLY MORNING CALLBACK

Serious breaches of the School's Code of Conduct or repeated offenses may result in an in-school suspension or an EMCB (Early Morning Callback).

In-school suspension means that a student will be at school, under adult supervision, but not permitted to attend classes, go to the Commons with the class, or go to any athletic practices or school events. Academic work must be made up according to a schedule arranged by the faculty. However, a student serving a suspension may not be allowed to take or make up any tests or quizzes given on that day. A parent conference may be scheduled following the suspension.

Early Morning Callbacks are the equivalent in seriousness of a suspension but are served with Mr. Carnabuci in the Headmaster's Office. Usually for the duration of at least one week, the student will report to Mr. Carnabuci's office by 7:40am until the beginning of 1st period. Reflection work will be given each day for the student to complete while in the Headmaster's Office

and must be submitted to the Middle School Directors at the conclusion of the EMCB. A follow-up discussion of the EMCB reflection work will then be scheduled with the student.

Out-of-school suspension means that a student may not be at school or participate in any school function for the entire period of the suspension. There will be a follow-up conference involving the student, the parents, the student's advisor, and the Middle School Directors.

After a suspension or EMCB, a student is placed on behavioral probation for at least the remainder of the trimester, and a letter stating the terms of the probation is sent home with a copy placed in the student's file.

The Headmaster is informed of all suspensions and may choose to become involved in the process.

ACADEMIC PROBATION

A student who has received two grades of D or below in major subjects during a marking period, or whose grades have drastically fallen, will be placed on academic probation. The student and his/her parents will meet with the Middle School Directors and the student's advisor to discuss the terms of the probation and the steps to improve.

BEHAVIORAL PROBATION

A student who has been placed on behavioral probation may be denied privileges such as participation on athletic teams, class trips, or other Middle School activities and events.

EXPULSION/DISMISSAL

A student may be expelled or dismissed from BWL if extreme or repeated violations of the Code of Conduct occur or if the safety of others in the school community is threatened. Such offenses will be brought directly before the Headmaster and the Middle School Director.

VI. EXTRACURRICULARS

INTRAMURAL AND TEAM SPORTS

All Middle School students are invited and encouraged to participate in our intramural and team sports offerings. Not just exercise but other values such as sportsmanship, team-building, collaboration, and camaraderie are the natural outgrowths of such participation.

A Middle School student whose academic standing or conduct record is deemed to be less than satisfactory by his/her advisor and the Middle School Directors may be ineligible for team sports. The student can be reinstated when sufficient progress has been achieved in the judgment of the Middle School Directors. In addition, the coach of any team or the Athletic Director may, at any time, remove or suspend a Middle School student from the team roster, temporarily or permanently. Decisions of this nature will be accompanied by a conference involving the coach or Athletic Director, the student, his/her parents, and the Middle School Directors. These procedures are designed to help students who may need extra time and assistance in balancing their academic responsibilities with their athletic interests and participation.

Any student who is to be dismissed directly from the sports venue must have written permission given to the coach.

Students may not participate in practices or games if absent from school during the day.

SERVICE LEARNING

Students in the Middle School are expected to reach out, in meaningful ways, to their communities and not only serve them but, in their service, learn the value of civic responsibility and the power of the individual to take part in strengthening these communities. The middle school will help raise awareness of needs in our communities and offer many opportunities for students to work with, and learn from, different local and global organizations. Students will take the lead in preparation, action, and reflection, leading to an enriched learning experience. Each month, through

postings on PSL, newsletters home, and advisory and assembly announcements, students will be given opportunities to participate in school-sponsored service activities. While BWL does not require a set number of hours to be completed for the year, **students are required to participate in at least ONE school-sponsored service activity per trimester, a minimum of three by year's end. Students not meeting this requirement will have to participate in an after school service opportunity at the end of the trimester, organized by the administration.** Students are also expected to seek opportunities to serve on their own, outside of BWL. Our Middle School Service Learning Coordinator is available to help students explore opportunities to develop personal or small group service-learning projects and to become involved in causes meaningful to them. We expect that, through these experiences, students will become global citizens who take an active role in shaping their world through consistent and willing participation in these projects.

STUDENT COUNCIL

The Middle School Student Council is an important leadership and service organization at Birch Wathen Lenox School. Working with our faculty moderators, the Student Council initiates projects, helps coordinate special events, raises funds for worthwhile community causes, and contributes ideas to the BWL faculty and administration. The Council is elected in the fall. The President and Vice-President are Eighth Graders, the Secretary/Treasurer is a Seventh Grader, and there are Representatives from Sixth, Seventh, and Eighth Grade. All candidates must give campaign speeches to the entire Middle School, followed by the voting. The Grade Representative voting is limited to those classes. Students running for election must qualify based on effort, academic commitment, positive behavior, and teacher recommendations. Students must remain in positive standing, academically and behaviorally, in order to remain on the Council.

ACTIVITIES

Middle School students have Activities every Tuesday for one period. This is a time for students to pursue an interest outside of the curriculum. Possible activities may include, but are not limited to, Debate, House

Committee, Improvisation Theater, Team Green, Student Council, Board Games, Science Olympiad, International Film, Silent Book Club, BWL News, Literary Magazine, and Yearbook.

MUSIC

The Middle School music program continues the musical development cultivated in the Lower School by offering required curricular music courses. Students choose between a focus on chorus, instrumental, or music and technology classes.

Students remain in their designated course for the entire year. The chorus and instrumental groups perform at a mid-winter holiday concert and a spring concert.

DRAMA

In addition to athletic teams and student council, Middle School students have the opportunity to participate in two full-length productions under the direction of our Performing Arts Department Chair. Doing so develops so many valuable qualities including self-confidence, collaboration, public speaking, memory, and of course performance. There is a Middle School play in the fall and a Middle/Upper School musical in the spring as well as a Middle School showcase. Students audition for parts, and for the musical, priority is given to Upper School students. Rehearsals take place after school and on weekends. There are also opportunities for technical and crew work. As with sports teams, participation in the Middle School productions is a significant, rewarding *commitment*.

VII. COMMUNICATION

When parents have concerns about classroom issues, academic performance, social issues, or other matters involving their child, they should contact the student's advisor and/or the relevant classroom teacher. These individuals have the most direct contact with your child and will typically be the most capable of addressing your concerns. If the problem or concern needs further attention beyond the advisor or classroom teacher, it will be relayed to the Middle School Directors. It is important this chain of communication be followed for your child to be best served and for all relevant parties to be kept informed of concerns that you or your child

may have. As a matter of protocol, teachers often CC the Middle School Directors when emails go home with issues of concern. This just keeps the Directors informed and does not necessarily indicate that the issue in question is more serious or concerning!

VIII. ACCEPTABLE USE POLICY FOR COMPUTERS AND INTERNET

EDUCATIONAL PURPOSE

The Birch Wathen Lenox School computer network has been expressly developed to further and enhance the educational mission of the School for both faculty and students. The Technology Department supports three computer labs and computer clusters in the Library and Faculty Room. In addition, most rooms throughout the school have wired and wireless Internet access. This Acceptable Use Policy is designed to provide users with guidelines regarding the use of the School's computer technologies. As a general rule the School's motto—"Integrity, Loyalty, Civility"—applies to cyberspace as well.

COMPUTER ACCESS

Most of the computers in the labs and clusters are general use computers. Here are some guidelines you should follow when using the School's workstations:

1. Clean up after your computer session. This means delete your documents, store them on a server, or transfer them to a flash drive. If you leave documents on the desktop or any part of the computer, the next user has the right to delete them.
2. If there is a hardware problem, do not attempt to fix it yourself. Tell a faculty member, who should then alert the Technology Department.
3. Do not alter, or attempt to alter, the desktop interface in any way.
4. Use the computers for educational purposes only.
5. Faculty reserves the right to remove students from computers if the computers are needed for a specific class.
6. Do not disconnect any cables from the computer or from the wall.
7. Do not install software or download anything without permission of the technology staff or the immediate teacher.

NETWORK ACCESS

Some classes may require the students to have access to the school's fileserver(s):

1. Do not share passwords with anyone.
2. Disconnect from your fileserver when you are finished with your computer session.
3. Delete unwanted files to conserve space on the fileserver.
4. Do not attempt to gain unauthorized access to the School's network or attempt to login to the School's network resources as someone else.

INTERNET ACCESS

The Internet is to be used for research and educational purposes only, as assigned or approved by a faculty member.

1. Do not give out your name, address, or any other personal information to any unknown entity over the Internet.
2. You may not use the Internet for any illegal purpose.
3. You may not use BWL's Internet access to buy or sell anything.
4. You may not use impolite or abusive language or engage in any attacks of a personal, prejudicial, or discriminatory nature.
5. You may not send, receive, or appropriate copyrighted material without permission.
6. The School's computers shall not be used to access inappropriate material.
7. Plagiarism and academic dishonesty will not be tolerated and will be reported to the appropriate Division Director.

EMAIL ACCESS, GOOGLE ACCOUNTS, AND WI-FI ACCESS

1. Each student in the Middle and Upper School is given a Google Applications Account and a WiFi account. Google Applications, otherwise known as "Google Apps," is Web software that allows students and teachers to collaborate through email and the sharing of stored documents. The Technology Department can assist you in signing in, which would include setting your password if you don't have a password already.
2. We expect that students will use their accounts for the sole purpose of appropriately communicating and collaborating within the Birch Wathen Lenox community. Any attempt to do otherwise, thereby potentially doing harm or jeopardizing the safety of anyone within the community, will result in disciplinary

action. This Google Domain belongs to The Birch Wathen Lenox School. The administration reserves the right to audit any account without parent or student permission. Students will be expected to use their Google account at the discretion of their instructors. You are responsible for cleaning out your gbwl mail account. The mail administrator reserves the right to clean accounts in order to maintain the operation of the mail server.

3. Do not attempt to gain access to another person's email account.
4. Students may access their personal email account from school only for the purpose of downloading homework or transmitting assignments to school.
5. Students will also be given a wifi account giving them access to the Internet, servers, and community printers.

SCHOOL CHROMEBOOKS

All Middle School Students are issued a Chromebook by the school when they enter Middle School and will be required to use this in class. Personal laptops and iPads are not allowed for use in class and should not be brought to school. Students are responsible for the care and charging of the Chromebook. It also means that they are responsible for maintaining their school issued Google accounts. Administrative staff, Technical staff, and teachers will be given access to student Google accounts if necessary.

Students will be given a Chromebook, charger, and laptop bag. The charger may remain at home, as there are charging facilities at school. During the breaks (Winter, Spring and Summer), students should bring their Chromebooks home and keep them charged.

Teachers have the right to revoke Chromebook privileges if they feel it is being misused during class. **(Computers may only be open and used when teachers explicitly give students permission to do so for educational purposes or classwork.)**

ONLINE BEHAVIOR OUTSIDE OF THE SCHOOL

While the School cannot be expected to constantly monitor Internet activities of students outside of school, students should still maintain a sense of Integrity, Loyalty, and Civility. This includes the avoidance of explicit language or images, sexting, cyberbullying, and other forms of social cruelty, incivility, or intolerance perpetrated online against members of the BWL community. The School has the right to investigate

personal attacks against the BWL community and against an individual within it.

As mentioned under our “Cell Phones” section of SCHOOL PROTOCOL, if it’s discovered that students have texted or posted online any pictures taken in the school building or on a school-sanctioned field trip or event, that student will likely be suspended and a parent conference required.

LIMITATION OF LIABILITY

The Birch Wathen Lenox School makes no guarantee that the functions or services provided by or through The Birch Wathen Lenox Computer System will be error-free or without defect. The Birch Wathen Lenox School will not be responsible for any damage a faculty member or student may suffer, including but not limited to, loss of data or interruptions of service.

POWERSCHOOL LEARNING

PowerSchool is a learning management system that integrates with students’ Google accounts. Each

teacher and student will have a PowerSchool (PSL) account, which will be used for posting assignments, class calendars of events, and more. Students will be expected to check their email accounts and Haiku accounts to stay informed about assignments and any other relevant information about their classes.

IX. CONTACTS

The school phone number is (212) 861-0404.

BWL Study Strategies

SOAR

A system to aid students in the classroom with Study Skills to earn better grades and to be more efficient. This is a system developed by Susan Woodcock Kruger, M.Ed.

S: Set goals for yourself—short and long-term goals

Short term goals: Immediate goals, such as “completing all my math problems tonight in 40 minutes”.

Long term goals: Read 30 books by the end of the year for independent reading.

O: Organize—your materials and your time

A: Ask relevant questions in the classroom

R: Record your progress—Keep track of your quizzes, tests, and homework record
(See “Study Skills & Goals” page provided at the end of this planner!)

CANOE

CANOE is a homework strategy.

C: **Complete** all homework

A: Be **Accurate**—make sure your responses are correct to the best of your ability

N: Be **Neat**

O: Be **Organized**

E: Put in 100% **Effort**

Cornell Note-Taking System

Divide your notebook paper into two columns, with the main ideas on the left and the supporting details on the right. This system was developed at Cornell University.
